

# Patil Hemangi Nilkanth

MCA

Full Stack Development

## About

Full stack developer with a passion for crafting efficient, scalable, and user-friendly web applications. With a strong foundation in both front-end and back-end technologies, I thrive in dynamic environments where I can utilize my expertise in JavaScript, HTML, CSS, and other programming languages.

## Education

Ajeenkya DY Patil University 

MCA | 2023 - Present

P O Nahata College

BCA | 2023 | 85.7%

K Narkhedhe Vidhyalaya

Class XII | 2020 | 59.2%

K Narkhedhe Vidhyalaya

Class X | 2018 | 80%

## Projects

### ATM Simulator Machine

It's a GUI based project used with the swing Library to organise all the elements that work under this application. It allows all users to register, opening new bank account and perform transactions (deposit, withdrawal etc) and view all registered users.

[Github](#) 

### Amazon Clone

- Designed and developed a scalable eCommerce platform using React.js for the frontend and Node.js with Express.js for the backend.
- Integrated Razorpay for secure payment processing, handling transactions smoothly across multiple user sessions.
- Implemented JWT-based authentication and bcrypt password encryption for secure user login, registration, and access control.

## Achievements

- Assisted in coordinating an e-gaming competition at the ADYPU campus, demonstrating organisational and teamwork skills.
- Introduction to Deep Learning And AI-KPMG(36 hours)  
Completed an extensive certification course focused on deep learning and artificial intelligence.
